

Dear Parent of **New**:

We are using a program called Merit Learning to increase speed and accuracy in arithmetic. amita is invited to spend a few minutes each day practicing math on a computer, tablet, or phone. If you would like amita to do Merit Learning on a tablet or smartphone, look for Merit Learning in the app store. The app costs \$5. On a laptop or desktop computer, he/she can do Merit Learning for free at [Merit Learning.org](https://www.meritlearning.org).

In the app or on the website, select **Sign In**.
Here is New's sign in information,

Email: dujoqi@banit.me

Name: **New**

PIN: **6547**

After New signs in the first time, this information will be remembered so he/she can sign in by simply clicking on his/her name.

Think of Merit Learning as a math vitamin! For best results, New should do Merit Learning once per day as regularly as possible. It only takes a few minutes so make it a part of your daily routine. Math facts are the building blocks of your child's math education and your child will be well rewarded for the time they spend practicing on Merit Learning.

Thank you!
